(घ) और (ङ) इस समय देश से लोहे तथा इस्पात के निर्यात पर निर्यात शुल्क प्रभार्य नहीं है। निर्यात में वृद्धि करने के संबंध में किये जाने वाले उपायों के संबंध में भारतीय इस्पात निर्यातकों द्वारा दिये गये प्रस्तावों पर समय-समय पर विचार किया जाता है और यदि आवश्यकता होती है, तो उन पर [संबंधित मंत्रालयों/विभागों/एजेन्सियों से विमर्श किया जाता है।

Strike by the workers against privatisation of IISCO

2226. SHRI SUKOMAL SEN: Will the Minister of STEEL be pleased to state:

(a) whether workers of all the public sector steeel plants in the country struck work recently as a protest against Government's decision to privatise IISCO in Burnpur;

(b) if so, what is the total production loss suffered by the steel plants (plant-wise) as a result thereof;

(c) what are the circumstances leading to the privatising of IISCO;

(d) the number of employees that would be affected as a consequence thereof; and

(e) the manner in which Government propose to safeguard their interests?

THE MINISTER OF STATE OF THE MINISTRY OF STEEL (SHRI SONTOSH MOHAN DEV): (a) and (b) Yes, Sir. As a mark of protest inter-alia against the proposal on private participation in IISCO, the Joint Convention of representatives of AIPUC, BMS, CITU, HMS and INTUC called for a day's strike on 7-9-93. As a result of strike loss of saleable steel production amounted to 480 tonnes in Rourkela steel Plant, 1649 tonnes in Bokaro Steel Plant and 1120 tonnes in Burnpur Steel Works. In Bhilai Steel Plant, Durgapur Steel Plant and Visakhapatnam Steel Plant there was, however, no loss of production.

Government propose to enlist private participation in IISCO mainly because neither Government nor SAIL are in a position to find financial resources of the order required to undertake the modernisation of the Burnpur Steel Works.

(d) and (e) Private participation in IISCO will be enlisted ensuring that it will have no adverse impact on the employees of IISCO. While seeking to enlist private participation in IISCO, Government have committed themselves to protect the interests of the employees. There will be no retrenchment. The management will be free to rationalise the manpower and retrain and redeploy them but based on the goodwill of the workforce. The terms and conditions of the continued employment of the employees will not be inferior to those they are currently entitled to.

Mini Steel plants in Bihar

2227. SHRI S. S. AHLUWALIA: Will the Minister of STEEL be pleased to state:

(a) how many mini steel plants (Electric arc furnaces) are in Bihar with details thereof and how many of them are operational;

(b) what is their annual production capacity and their actual production during the last three years with year-wise details thereof;

(c) whether it is a fact that these mini steel plants of Bihar are facing acute shortage of scrap and power to operate and finding it difficult to run them;

(d) if so, the details thereof; and

(e) what action Government propose to take to make available scrap and uninterrupted power supply at reasonable rates to make them economically viable?

THE MINISTER OF STATE OF THE MINISTRY OF STEEL (SHRI SONTOSH MOHAN DEV): (a) and (b) Out of 178 commissioned Electric Arc Furnace units in the country, the following six units are located in the State of Bihar:

(i) M/s. Kashi Ispat Pvt. Limited Bhagalpur.

(ii) M/s. Bihar Foundry and Castings Limited, Hazaribagh.

(iii) M/s. Tata Yodogawa Limited, Jamshedpur.

(iv) M/s. Usha Martin Industries Ltd., Adityapur.

(v) M/s. Tata Iron & Steel Company, Adityapur.

(vi) M/s. Bihar Alloy & Steels Ltd., Hazaribagh.

Two of these units, namely M/s. Tata Iron & Steel Company and M/s. Kashi Ispat Pvt. Limited, are lying closed since 1983 & 1989 respectively. The other four units are operational. Their annual capacity and actual production during the last three years are as follows:

S.o.	Name of the Unit	Licenced Capacity	Production (in M.T.)		
			1990-91	1991-92	1992-93
1.	M/s. Bihar Foundry and Castings Ltd., HAZARIBAGH	18,00 0TPA	12,825	11,226	10,383
2.	M/s. Tata Yodogawa Ltd., JAMESHEDPUR..	30,000 TPA	12,327	14,054	12,120
3.	M/s. Usha Martin Ind. Ltd., ADITYAPUR	1,00 ,CC0 TPA	58.867	62,735	53,198
4.	M/s. Bihar Alloys & Steels Ltd., HAZARIBAGH	1,00,000 TPA	74,761	65,844	77,906

(c) to (e) The performance of mini steel plaots (electric are furnace units) in the coutry has been adversely affected due to various factors such as demand recession, shortage of power and increase in input costs especially due to rise in international scrap prices. The industry has represented for various reliefs and the proposals made are under the considration of Government.

Financial Status of IISCO

2228.. SHRI CHIMANBHAI MEHTA: Will the Minister of STEEL be pleased to state:

(a) what is the annual loss and budgetary support for the IISCO plant during the last three years;

(b) what is its turnover during the last three years;

(c) what is the strength of workers and other staff and how it compares with other big steel plants of the country in relation to per capita production and turnover;
